## **2. Matters Arising from Updates**

## **3. Matters Arising from Last Meeting's Minutes**

## **4. Items for Discussion**

Possibility of buying a sound system jointly with Art Soc.

James: Christina Hill is representing Art Soc and should have some rough numbers for me by the meeting.

Hannah Taylor: The idea is that Art Soc and the Entz Reps could work together to split the costs. Art Soc might finally be making progress on this. They want to know from the Entz Reps what equipment they loan for each bop, because they might buy the same thing.

Nathan: Not sure where it would be kept.

Advertising your role to the JCR in the run-up to the elections

Ana: In the next email you're planning to send out (if you weren't planning to send an email out, send one anyway) please include a description of your role on the Committee, what you do and how much work/fun it is, and let people know that if they want to run for that position they can come and talk to you.

## **5. Any Other Business**

Sophie: How do we feel about sharing job adverts for companies like Oxford Summer Schools, which undermine access efforts because they cost a lot of money and hence give people from wealthy backgrounds even more advantage when it comes to applying to Oxford, with the JCR?

Ana: That's a good point, and in the past individual JCR members have mentioned to me about not advertising certain things, which I then don't, but I can't feasibly research all the companies that send me adverts for job opportunities properly.

Nathan: Some JCR members might want to take advantage of well-paid summer jobs like that.

Nathan: Does anyone know where the JCR Christmas tree is?

Committee: No.
